**Amazing Jewelry**

(Grades 2-5)

Instructor: Phylis Begain

Make beautiful jewelry to wear or to give as treasured gifts. Projects we may create include necklaces, bracelets, pins and earrings. We will use Fimo and Sculpey which are plastic based clays that are cured to permanent hardness in an oven. Learn the milliflore technique which results in amazing eye boggling designs. We'll also use porcelain, a ceramic clay, which is kiln fired to very high temperatures. And most special of all will be a bead made from PMC - Precious Metal Clay - real silver formulated to be worked like clay but which when kiln fired results in a sterling silver piece. Our original designs will be complimented by beads made from glass.
